🏠 5 Royal Chalice Crescent, Mooikloof, Pretoria

Skills

In the past three years I have worked on projects using Python, SQL, C, C++, Swift, HTML, CSS, PHP & Javascript.

These projects gave me experience with OOP, Big Data, Flask, SQAlchemy & MariaDB, IOS development, Machine Learning in Tensorflow & CoreML, Matlab & Simulink, KiCad, LTSpice & STM32CubeIDE and IoT devices

Education Background

2016-2022

NORTH-WEST UNIVERSTITY

- B.Eng Computer and Electronic

2002-2014

HATFIELD CHRISTIAN SCHOOL

- Matriculated Top 5 in the grade

Other Experience

WORK EXPERIENCE

Keystone Electronic Solutions	MID 2022-PRESENT
- Tasked with full stack software development	

COURSES

CISCO Networking Academy	2020
- CCNA Routing and Switching: Introduction to Networks	

merSETA	2022
- merSETA Industry 4.0: SLP 1 & 2	

Amazon Web Services	2022
- AWS Machine Learning	

INTERESTS

- Arduino, Raspberry pie and similar embedded projects
- Machine Learning and AI
- Outdoors and camping, extreme sports, running, cyling, swimming, music, food and pets
